

Pertaining to KG 2

CIRCULAR NO: IPHS/18-19/047

4th October, 2018

Subject: Numeracy Week (7th -11th October).

Links to: PS 1 & PS2.

Objective:

1. To develop mathematical skills – concepts of measurement and calculation, logical thinking skills.
2. To develop social and emotional skills of collaboration, confidence, team spirit and communication.
3. To develop skills of innovation and entrepreneurship.
4. To create links to the taught curriculum, cross curricula , UAE and real life application.

Dear Parent,

'Today a student ,tomorrow perhaps a Mathematician!'

This is to inform you that Numeracy Week will be conducted as above during school hours. A myriad of in class and at home projects / activities are planned ,a detailed programme shall be uploaded on 'Skolaro'.

Parents are requested to come forward and participate in class activities. Kindly give your names to the class teacher of your child -stating the day and time you would like to come; also inform about any activity you would like to conduct for our young future Mathematicians.

During the last parent teacher meeting it was put forth to parents about 'Kidpreneurship' –saving scheme in money boxes made out of waste(shoe box empty jars etc.) and opening of accounts in the child's name ,further details and saving journal will be put on 'Skolaro'

A clarion call to parents if you would like to suggest any activities feel free to contact me on the school landline or in person after 11.45 on school working days to plan the same.

Regards,

Mrs Sandra Fernandes.
KG Supervisor.
